EXPERIENCE

PlaceWell Retail 2025 – Present

Web Developer Intern (Magento, SEO, Google Search Console, Google Merchant Center) Siliguri, India · On-site

- Managed and optimized **e-commerce product listings on Magento**, improving product discoverability and content accuracy across the catalogue.
- Monitored and resolved website errors using **Google Search Console** — fixing crawl errors, indexing issues, and coverage gaps, directly improving Google ranking signals.
- Managed product data feeds on **Google Merchant Center**, maintaining accurate inventory visibility across Google Shopping listings.
- Implemented **on-page and technical SEO** best practices including meta tags, page speed fixes, and structured content to improve organic traffic.
- Debugged and fixed **front-end website errors** using browser dev tools, improving UX and overall page performance.

PROJECTS

Online Event Ticket Booking System | React, JavaScript, HTML, CSS, MySQL 2024

- Built a **full-stack web application** for event registration and online ticket booking with a user-friendly interface and secure database integration.
- Implemented **form validation, responsive design**, and MySQL database to securely store and retrieve user and booking records.

Student Event Portal | HTML, CSS, JavaScript, SQL 2024

- Developed a **responsive college event management portal** for announcements, registrations, and feedback collection using HTML, CSS, JS, and SQL.
- Maintained **clean, modular code** with proper form validation, improving reliability and user experience for college events.

E-Commerce SEO & Performance Audit | Magento, Google Search Console, SEO 2025

- Conducted a comprehensive **technical SEO audit** on a live e-commerce website, identifying and resolving indexing errors, broken links, and missing meta tags.
- Optimized **Google Merchant Center product feeds** and fixed disapproved products, improving Shopping ad eligibility and product visibility.

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML5, CSS3, SQL

Frontend: HTML5, CSS3, JavaScript, React.js, Responsive Web Design

Tools & Platforms: Magento, Google Search Console, Google Merchant Center, Git, GitHub, VS Code, Chrome DevTools
